

Lashbrook Family Ministry

Missionaries to Haiti
Keith & Cindy Lashbrook

March 2009

Dear Friends and Family in Ministry,

February 28, 1989 a child was born. Keith Daniel Lashbrook. He weighed 6.8 pounds, 21 inches long. He is our second oldest and we want to dedicate this newsletter to him because he has grown up and matured into a son.

For the last two years he has been my right-hand man, especially during my illness. He has, on more than one occasion, run the mission in my absence. Our ministry in Haiti is to raise up a generation of fathers. To take young boys and turn them into sons. Daniel has been that example.

Today, he is a full-time Globe missionary. As his parents, we are proud that he is following the call of Father and we are also very proud that he has been a good example to the other 35 boys at the children's home. Daniel's calling is to go and evangelize Jamaica as well as to serve here alongside his family.

Johnny, the oldest boy in our children's home, who is just two weeks younger than Daniel, has already asked if it is possible to get a passport so he too can travel back and forth with Daniel to Jamaica. We encourage you, our supporters, as you have so faithfully served us in our ministry that if you would like to sow into another good young man, a young man that will serve God, a young man that will be obedient to the call and will reach the lost for the kingdom of God, we would like to introduce our son Daniel. Enjoy the photos of our son growing. Pray and ask Father how you can help. Drop him a letter of encouragement. We remember and Daniel knows that he is always...

In the Father's Hand,

Keith, Cindy, Tiffany + Daniel and Willy
